PROFESSIONAL EXPERIENCE

ZoomRx — Data Analyst (Senior Associate, Business Operations & Data Analysis)

08/2022 – 03/2026

Chennai, India | Promoted from Associate

- **Data Extraction & Validation:** Queried and maintained a 50,000+ record global HCP database using SQL (joins, subqueries, aggregations) to extract, validate, and track panel performance data across ~10 concurrent research pipelines.
- **Dashboard & KPI Reporting:** Built and automated MIS dashboards and KPI trackers in Power BI and Advanced Excel (Power Query, Pivot Tables, DAX) to monitor project health across Awareness Trials & Usage (ATU), Patient Chart Audit (PCA), and Sales Force Effectiveness (SFE) studies.
- **Process Analytics & TAT Optimization:** Analyzed ticket resolution trends and redesigned the support triage workflow, cutting average turnaround time from 1 day 23 hours to 21 hours — a 46% improvement — directly protecting premium panel retention.
- **Feasibility & Cost Analysis:** Ran feasibility and margin analysis using historical project, incidence, and cost data across proposals for 18 of the top 20 global pharma companies, holding delivery costs at 17% of SoW value against a 19.5% benchmark.
- **Performance Metrics & Stakeholder Insights:** Partnered with cross-functional leadership to define project KPIs and performance metrics, contributing analysis that drove a 20% increase in campaign response velocity.
- **Data Governance & Documentation:** Standardized data collection and reporting practices by developing SOPs and process documentation for automated ticket routing across business units.
- **Cross-Functional Data Liaison:** Acted as the analytical bridge between regional business teams and engineering/product teams, resolving data discrepancies and validating fixes before deployment.

Chegg India — Subject Matter Expert (Part-time / Freelance)
